

21 May 2025

Mrs Julie Holloway (practice manager)
Andree Stevens
Janet Heasmer
Dr Linda Parker
Dr Anthony Dann
David Standen (Apologies)

PPG new premises preview.

PPG participants that have previously been very involved with the practice by giving support on premises issues over the past 20 years, were invited for a preview of the new site. We managed to have a quick look while the workmen were not on site, to assess access, space, facilities and the inevitable “snagging”. When things are finalised we will be inviting a larger group representing patients with disabilities and enhanced access requirements, to view the site prior to opening.

Afterwards we discussed disability access and enablement arrangements, interpreters, etc.

Regional PPG group update.

Andree has been attending the regional meetings for a few years, the last meeting was in January 25. Presentations from the meeting will be uploaded to the practice web site.
